1. Campaign Objectives & Content Pillars

****Primary Goals****

- Drive authentic engagement and subscriber growth on YouTube funnel channels (Instagram, TikTok, Facebook)
- Showcase the hands-on, real-shop aesthetic with practical and motivational content
- Build anticipation for long-form content and reinforce the "Building What Matters" community mantra

****Content Pillars****

- ****Builds in Progress**** (real-time snapshots, tool use, shop vibes)
- ****Shop Wisdom**** (quick fixes, pro tips, safety, and motivational snippets)
- ****Transformation & Before/After**** (visual proof of skill and grit)
- ****Fatherhood/Family Moments**** (subtle integration – a moment with the kids or teaching a skill)
- ****AI & Tradesman Edge**** (subtle mentions or showcases of using AI tools in a maker context)

2. 7-Day Content Schedule & Shot List

Day	**Theme**	**Primary Shot(s)**	*
-----	-----	-----	-----
1	"Monday Motivation – The Setup"	Wide shot of the shop opening up (lights on, tools ready)	
2	"Tool Tip Tuesday"	Macro/close-up of tool in action (saw, welder, planer)	
3	"Midweek Build Process"	Short timelapse of a project mid-way	
4	"Transformation Thursday"	Before & after: raw material vs. half-built or final product	
5	"Fatherhood Friday"	Jed/child moment: passing a tool, working side by side	
6	"Shop Hack Saturday"	Quick shop trick/tip (ex: clamp tip, storage hack)	
7	"Showcase Sunday"	Cinematic pan of finished project	

Example Shot List (Per Day):

1. Wide of shop, prepping environment
2. Tool close-up in hand
3. Focused project detail
4. Transformation (split shot if possible)
5. Father/child moment (natural, candid)
6. Clever hack demonstration
7. Gallery pan of finished build

Pro Tip: Capture in both portrait (vertical) and landscape.

3. Caption Drafts & Hook Ideas

*Adapt to each platform's tone – short, sharp, visually driven. Focus on hooks and engagement questions.

Day 1: Monday Motivation

- **Hook 1:** "Every build starts with the first tool switched on. What are you building this week?"
- **Caption Draft:** "It's not about the tools – it's about what you make with them. Day 1 in the shop."

Day 2: Tool Tip Tuesday

- **Hook 1:** "This little trick saved me hours – have you tried it?"
- **Caption Draft:** "Pro tip: A sharp blade is half the battle. Here's how I keep mine tuned for the season."

Day 3: Midweek Build Process

- **Hook 1:** "Halfway there – can you guess what this will be?"
- **Caption Draft:** "Nothing beats the rhythm of mid-build. Every pass, every grain. What's your midweek mantra?"

Day 4: Transformation Thursday

- **Hook 1:** "Before. After. Proof that hard work pays off."
- **Caption Draft:** "From scrap to standout – transformation day in the shop! What's your most satisfying build?"

Day 5: Fatherhood Friday

- **Hook 1:** "They're always watching – build with purpose."
- **Caption Draft:** "Passing down skills, one day at a time. Proud to build, proud to teach. #FatherhoodFriday"

Day 6: Shop Hack Saturday

- **Hook 1:** “Wish you knew this sooner? Try this shop hack.”
- **Caption Draft:** “Small changes, big gains – here’s a hack that speeds up my workflow. Got a hack

Day 7: Showcase Sunday

- **Hook 1:** “One week, one project. Here’s what hard work looks like.”
- **Caption Draft:** “Finished another project in the shop. Every mark has a story. What did you fini

4. Cross-Platform Posting Plan

Platform	Format	Optimal Timing ([Unverified, 2026 Industry Trends](https://www.socialmediainstitute.com/blog/when-to-post-on-social-media))
Instagram	Reels/Carousel	M-F: 7–9 AM or 7–9 PM, S-Su: 10 AM–1 PM Prioritize short,
TikTok	Short Video	M-Su: 6–10 AM, 7–11 PM (Post to both personal and shop accou
Facebook (Pages)	Video/Photo + Text	M-F: 8–10 AM, S-Su: 12–3 PM Add slightly more narrative/

Best Practices:

- Always post vertical first (can crop for YouTube Shorts/FB as needed)
- Caption every post (don’t rely on audio alone)
- Vary hashtags, and always include #BuildingShultz for brand cohesion
- On Facebook, experiment with longer captions to invite story-sharing and community response

5. Supplemental Photos: What to Shoot & Why

**Jed, these are the 5–10 essential photos you should capture to support the content pack across all

Photo	Description	Use
1. Shop Wide (lights on)	Classic clean/wide angle of shop, tools visible	Mood
2. Tool Macro	Close-up of tool (saw, welder) in hand or cutting	Detail
3. Workbench Action	Hands at work, mid-project (glue, measuring, sanding)	Process
4. Project Transformation	“Before” pile of materials vs. “after” piece in the same frame	Before/After
5. Shop Buddy/Family	Moment with child/partner/friend in the shop	Fatherhood
6. Finished Piece Hero	Final product in best light/background	Showcase
7. Shop Hack In Progress	You demonstrating a clever shop trick or unique workflow	Shop Hack
8. Detail Texture	Wood grain, weld bead, finish detail shot	Texture
9. Reaction/Expression	Genuine reaction shot (smile, laugh, focus)	Storytelling
10. “Tool Wall Grid”	Overhead/grid shot of your favorite tools arranged neatly	Instagram

Tip: For each shot, use your phone’s widest angle or portrait for depth; ensure natural light when

6. Execution Workflow & Timeline
