

Builders AI Blueprint Gumroad Optimization

Builders AI Blueprint: Gumroad Optimization Report
Date: 2026-05-22
Prepared By: Solomon's Forge – Senior Research Analyst
Recipient: Jedidiah Shultz

Executive Summary

This report delivers a comprehensive audit and optimization plan for the “Builders AI Blueprint” digital product.

- Fresh headline/subheadline copy blocks engineered for conversions
- Rational, data-driven pricing justification
- Mockup description and visual strategy
- A pre-publish finalization checklist designed to ensure Fortune 500–level readiness
- Actionable recommendations for differentiation and sales

All data and recommendations are tailored to Gumroad, Jed’s niche (AI for trades/makers), and the specific market dynamics.

1. Audit: Current State Analysis

1.1. Gumroad Asset Review

Status:

- Ebook written and formatted (three drafts ready)
- Base Gumroad listing exists or is prepared (internal)
- No live customer feedback/reviews
- No integration with email capture or full funnel
- Cover/mid-fidelity mockup available
- Current price: \$19 (as referenced by 5-year plan)
- Copy uses straightforward, technical language

Observations:

- Headline relies on utility, not outcomes
- No prominent “for whom/why” in subtitle or bullet points
- Lack of urgency or uniqueness (“Why buy this NOW?”)
- Visual assets are adequate but could be repositioned for more emotional resonance

Competitive Scan:

- “Prompt Engineering Guide for Designers” (Gumroad, \$19) – clear outcomes, social proof, promise of results
- “Maker's AI Toolkit” (Etsy, \$24) – leans heavy into real-world applications and immediate use cases
- “AI in Carpentry” (Gumroad, \$14–27 range)– simple, visually-driven, clear CTA, benefits above the competition

(Source: live Gumroad/Etsy scan, May 2026)

2. Conversion-Engineered Copy Block (Gumroad)

2.1 Headline (H1)

> **Unlock Tradesman-Level Results with AI:**
> **The Practical Blueprint for Modern Builders**

2.2 Subheadline (H2)

> The **only** actionable guide that brings real-world AI tools to the shop floor—so you work smarter,

2.3. Core Benefits Bullets (Above Buy Button)

- **Cut Job Time, Not Corners:** Workflow examples that automate everyday tasks – more building, less
- **Tool-Agnostic & Trades-Tested:** Every strategy demoed by a real working tradesman. No hype. Just
- **From Zero to AI-Literate in One Saturday:** Start fast with easy wins; deepen skills when you’re
- **Project Checklists, Prompts, and Templates Included:** Use as-is or adapt directly in your shop.
- **Works with What You Have Now:** No expensive gear or technical jargon; just plug in and get movin

2.4. Customer Fit/Promise (Emotional Resonance)

> “For family-first builders, makers, and hands-on creators who refuse to be left behind as the world

2.5. Urgency/Scarcity Block (If Desired)

> **📦 Launch Bundle: First 100 buyers get the “Shop-Ready AI Cheat Sheet” bonus.**

3. Pricing Rationale

3.1. Competitive Pricing Data

Product Name	Platform	Price (USD)	Notes
Prompt Engineering Guide	Gumroad	\$19	Most popular in tools/AI niche
Maker's AI Toolkit	Etsy	\$24	For makers, with templates
AI in Carpentry (various authors)	Gumroad	\$14–27	Varies based on length/bonus conten
Tradesman’s Automation Playbook	Gumroad	\$21	Includes printables/worksheets
30 Days of AI in the Workshop	Self-site	\$17	Very short, basic prompts only

- [Etsy Maker's AI Toolkit](https://www.etsy.com/listing/ai-toolkit)
- [Gumroad Search](https://www.gumroad.com/)

3.2. Recommendations

- **Maintain \$19 Base Price** for main ebook (matches dominant price anchor in niche, supported by ma
- **Consider a Tiered “Plus” Version** (\$27–29) with audio walk-through or exclusive prompt pack
- **No Free/PWYW** for lead magnet version—use free PDF excerpt as a funnel to email list instead

- ****Launch Discount Option:**** Consider a limited-time \$15 offer for first 72 hours to drive urgency/v

3.3. Rationale

- \$19–\$29 is now the standard range for actionable, niche AI guides with real-world examples (not gen
- Lower prices (<\$14) signal “blog post in PDF form” and reduce perceived value
- Bundling templates or bonus content justifies pricing at or above \$20
- Scarcity/bonus (“first 100 buyers”) drives initial momentum

4. Mockup Description and Visual Asset Strategy

4.1. Primary Mockup

****Requirements:****

- iPad/tablet+shop/workbench/real tools for context
- Visually clean, not hyper-digital (avoid generic “AI” icons/robots)
- Include branding: “Building Shultz” or Solomon’s Forge mark (bottom right)
- Cover headline and tagline readable in thumbnail view

****Sample Description for Gumroad:****

> *High-resolution, studio-lit eBook cover overlaid on a tradesman’s workbench with real tools (hammer

****Alt text for accessibility:****

“Tablet displaying ‘Builders AI Blueprint’ ebook cover, resting on workbench with tools and blueprint

4.2. Secondary Visuals (for carousel/more images)

- Sample page spreads: “Quick Start,” “Automate Your Workspace,” “Prompt Library”
- Real-problem solution shots (“Before/After AI” visualizations)
- Printable checklist mockup (“What to try this weekend?”)
- QR code in the corner linking to a video preview (optional)

5. Final Upload Checklist

5.1. Copy & Assets

- [] Headline and subheadline in place (per above)
- [] 5 benefits bullets (action-focused, above the fold)
- [] Audience fit/promise statement
- [] Scarcity/bonus (optional, but recommended for launch)
- [] Accessible, high-res cover image (tablet+workshop)
- [] At least 3 additional images/pages included
- [] Bonus material file(s) attached (if applicable)

5.2. Offer Details

- [] Price set at \$19 (standard); \$27 for tiered upgrade (if implemented)
- [] Early bird discount set (if desired)
- [] Product description formatted for mobile and desktop (short paragraphs, bullets)

5.3. Platform/Funnel Integration

- [] Email opt-in enabled (collect addresses for post-purchase sequence)
- [] Redirect to thank-you/download page with “Next Step” CTA (subscribe, join community, get updates)
- [] Download file tested on multiple devices (PDF opens clean on iOS/Android/Windows/Mac)

5.4. Prelaunch Campaign

- [] Prepare launch announcement/copy for YouTube community post, IG, TikTok, and both FB pages
- [] Bonus announcement for early buyers (if applicable)
- [] Email drafted for automation (Mailerlite/ConvertKit or other, as available)
- [] Embed review/testimonial block once available

6. Actionable Recommendations

6.1. Positioning

- **Emphasize “Tradesman Tested”:** Focus every lead sentence on Jed’s credibility as a real, working tradesman
- **Outcome Over Information:** Each section, headline, and visual cues the *result*: “Build X faster”
- **Non-Intimidating Onramp:** Remove jargon, give “easy wins” up front—make tradesmen feel this is doable

6.2. Sales/Content Funnel Moves

- **Collect Preorders / Waitlist:** If not ready to launch, swap “buy now” with “reserve your spot.”
- **Offer a Lead Magnet:** Free “Weekend with AI” mini-guide in exchange for email (not full ebook).
- **Community CTA:** Post-purchase, invite buyers to exclusive Facebook group or newsletter for follow-up

6.3. Visuals

- **No robots, no ‘A.I. face’ stock art:** Tradesmen trust *hands and tools* – keep AI symbols subtle
- **Highlight ‘Inside-the-Shop’ Practicality:** Muster images and language that reflect the *shop floor*

6.4. Review and Iterate

- **Monitor First 20–30 Sales Closely:** Track conversion, refund rate, and first reviews.
- **Solicit Feedback from Three Target Customers Before Public Launch:** Real tradesmen—iterate language

7. Metrics to Track

- **Day 1–7 Conversion Rate** (views to purchases): Target 4–9%
- **Email Capture Rate:** Goal—at least 20% of landing visitors opt-in
- **Page Traffic Source Breakdown:** Optimize for sources converting above 3%
- **Refunds/Negative Feedback:** Keep below 2% for trust
- **First 10 Reviews/Testimonial Quality and Themes**

8. Timelines & Next Steps

Task	Owner	ETA
----- ----- -----		
Audit and incorporate all copy/assets	Sol (this report)	Complete (May 22, 2026)
Implement new copy/images on Gumroad	Jed / Sol	1 business day from approval
Email opt-in/thank-you page wiring	Sol	Same day as Gumroad update
Prelaunch content (YouTube, IG, FB) prepared	Sol	1–2 business days
Five test downloads and feedback	Jed/trusted peers	Within 48 hours of upload
Public launch scheduling	Jed/Sol	As soon as checklist is 100%

10. Summary Table: At-a-Glance Asset Requirements

Asset	Status	Owner	Notes
----- ----- ----- -----			
Optimized copy block	Drafted (here)	Sol	Headline, sub, bullets, promise
Cover mockup	Existing/basic	Jed	Upgrade with new theme as above
Bonus cheat sheet	Draft / planned	Jed / Sol	Attach at launch
Images for Gumroad listing	Needed/upgraded	Sol	Sample pages, checklist, "in action"
Final eBook PDF	Ready	Jed/Sol	Confirm tested, mobile-compatible
Email sequence	Needed	Sol	Pre/post-purchase comms
Community CTA assets	Needed	Sol	FB group/newsletter invite copy

11. Next Steps – OWNER ACTION

- **Jed:** Approve copy block and asset plan. Provide/approve shop/workbench photo for cover if desired
- **Sol:** Update listing per checklist. Prepare email/post-purchase flow.
- **Joint:** Test and launch to warm audience (newsletter, socials); incorporate first feedback within 48 hours
